

# FBSS (undergraduate) Faculty Rep

## MAHI MISHRA

I am standing for Faculty Representative because students deserve more than a voice. They deserve impact. A strong academic experience is built when feedback leads to action, communication is transparent and students and faculty work as partners in shaping meaningful outcomes.

With leadership experience as Vice Chairperson of the Finance Club, I have developed the ability to represent diverse perspectives responsibly and engage in structured, solution focused discussions. This experience has strengthened my understanding of collaboration and effective decision making in formal settings.

If elected, my priority will be to ensure that student feedback is clearly articulated and constructively presented in staff student meetings, with a focus on assessment clarity, workload balance, teaching delivery, and access to academic resources. Transparency will guide my approach, with clear communication on discussions and outcomes.

Representation only matters when it delivers
